

## GENUINE TSC SUPPLIES – MANUFACTURING

Exposed to solvents and chemicals, subjected to temperature extremes or applied to textured and irregular surfaces – perhaps even all of the above - labels used in manufacturing applications must perform in the most demanding of environments.

With a wide range of available facestocks and adhesives, TSC can provide the correct label construction for your particular manufacturing operation:

- Durable labels for extreme environment applications
- Product labeling
- Work in process labeling
- Parts inventory management
- Compliance labeling
- Chemical labeling
- Item identification

Whether you are labeling a printed circuit board, identifying plastic components or job-tracking metal fasteners, by using Genuine TSC supplies you can feel confident that your product will be properly identified and tracked from WIP to shelf.

Through the optimized combination of your TSC printer and TSC Genuine Supplies, you will enhance your efficiency and enjoy a “no-worry” printing solution.

### Why choose Genuine TSC Supplies?

#### **Guaranteed Performance**

Genuine TSC Supplies meet the performance standards as required by TSC printers. From adhesive and face stock construction, to ensuring maximum print head and printer life, Genuine TSC Supplies are manufactured for optimal compatibility and performance.

#### **Consistent Quality**

This ensures optimum performance through your TSC printer...every printout, every time.

#### **Comprehensive Product Portfolio**

A wide selection of TSC Genuine Supplies are available for all Industrial and Desktop printer models. Most items are in stock and available for immediate shipment.

#### **Availability**

With four product distribution points within North America, your supplies will be where you need them, when you need them.

By using Genuine TSC supplies through your TSC printer, you're making “The Smarter Choice.”
